PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science diploma graduate and Junior Full Stack Developer with a strong foundation in modern web technologies. Passionate about building high-fidelity, pixel-perfect, and interactive web applications with an emphasis on rich UI/UX experiences. Proven expertise in full-stack engineering utilizing the MERN stack and Next.js, along with hands-on experience integrating Generative AI capabilities into production-ready web applications.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS
Backend & Databases	Node.js, Express.js, MongoDB
Specialties	Generative AI Integration, UI/UX Optimization, Interactive 3D Web Elements, Responsive Web Design
Tools & Workflows	Git, GitHub, Git Workflow, VS Code, npm Package Management

KEY PROJECTS

Monsta – Premium Furniture E-Commerce Platform Ongoing

- Architected and developed a full-stack e-commerce web application focusing on high-fidelity visual design and robust application logic.
- Implemented clean global state management, secure user authentication systems, and an optimized modular dynamic product catalog.
- Tech Stack:** MongoDB, Express.js, React.js, Node.js, Tailwind CSS.

Myntra UI Clone Project Milestone

- Engineered a pixel-perfect, highly fluid and responsive clone of the Myntra landing pages, product discovery carousels, and design systems.
- Focused on building cross-browser compatible layouts, advanced CSS rendering, and highly crisp interactive UI interactions.
- Tech Stack:** HTML5, CSS3, JavaScript (ES6), Tailwind CSS framework.

EDUCATION & TRAINING

Full Stack Development with Generative AI Cohort 2.0

Sheryians Coding School

- Deepening production-level expertise in highly responsive full-stack architectures and advanced Next.js routing patterns.
- Gaining hands-on implementation skills for incorporating LLMs and Generative AI services into practical user applications.

MERN Stack Web Development Certification

Completed

WsCube Tech

- Acquired structured expertise in scalable database design and developing RESTful architectures under professional mentorship.

Diploma in Computer Science & Engineering

Graduated

Government Polytechnic College, Nagaur

- Acquired formal foundational concepts in object-oriented programming, data structures, algorithms, and computing fundamentals.
